

Markus Enke

Chief Operating Officer
HINT.CO GmbH

Markus Enke is Chief Operating Officer at Hydrogen Intermediary Company GmbH (HINT.CO). Among other tasks, he works on the risk management regarding the HINT.CO and the upcoming tenders.

He is an Energy Market and Energy Trading expert, with more than 25 years of experience. Before starting at HINT.CO he worked as a Regional Operations Manager for E.ON Energie Deutschland GmbH, focusing on the energy procurement and energy risk management.

Prior to this, he worked for Innogy SE, where he primarily worked in the energy procurement and energy risk management department. In the time between 2013 and 2016, Markus was Vice Chairman and Chief Executive Officer at RWE Enerji Toptan Satış A.Ş in Turkey, where he was responsible for the electricity sales and energy service solutions for B2B and B2C Customers and renewable energy generators. Prior to this he was Head of Coordination Commodity Manager at RWE East s.r.o. in the Czech Republic and worked as a Project Manager for RWE Supply & Trading GmbH in Germany.

He holds a diploma in Chemical Engineering from the RWTH Aachen, as well as a master's Degree in Business Administration (MBA) from the University of Chicago.
